DETAILED ACTION

Response to After Final Amendment

1. This application is responsive to the After Final Amendment filed on 27 September 2012.

Reissue Applications

2. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414. The reissue declaration dated 27 September 2012 does not contain an error statement.

There is currently no reissue declaration in the file which explains any error which is being corrected by this reissue application. The reissue declaration, dated 21 November 2008, states the error was failing to provide a certified copy of German priority document 196 22 459.4, filed 24 May 1996 prior to the issuance of US Patent No. 6,014,476. However, there is no copy of German priority document 196 22 459.4 filed within this reissue application either.

3. Claims 2-18 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.
